#### **2011 Blizzard After-Action Report Meeting**

On Thursday, February 17, I conducted an After-Action Report meeting with Staff to discuss the events of the 2011 blizzard. We discussed recommendations to improve our ability to respond to emergencies in the future. A full report will be prepared for Board review.

#### **DuPage County Drafts New Stormwater Ordinance**

A draft of the new DuPage County Stormwater Ordinance has been created and is currently in a 60-day comment period. Our Public Works Director Paul May is a member of the Municipal Engineer Steering Group, which will provide comments on the proposed Ordinance. It is anticipated that, based upon the comments, a new draft Ordinance will be prepared and an additional 30-day public comment period will occur.

#### **Notice of IDOT Resurfacing Project, I-55**

We have been notified that IDOT has programmed a resurfacing project on I-55 for the summer of 2011. The project will stretch from County Line Road to Kedzie Avenue. The project is currently slated for a March letting, so I would expect construction to commence in early summer and continue to early fall, 2011. Residents who regularly travel between Burr Ridge and Chicago should be aware of the construction, as travel delays are likely to occur throughout the construction season.

#### **Notice of Grant Application Call and Submittal**

Please be advised that the Chicago Metropolitan Agency for Planning (CMAP) has recently issued a call for projects under the federally funded CMAQ program (Congestion Mitigation and Air Quality). This program makes \$350M available for the Chicago region, for projects which provide a congestion mitigation and/or air quality benefit. Funds for awarded projects will be programmed during Federal Fiscal Years 2012 – 2016.

Pathway and sidewalk improvement projects are typically good candidates for this type of funding. The Pathway Commission and Village Board have previously approved the Phase I design of two projects which I believe would be strong candidates. Therefore, I will be working in coming weeks to facilitate submittal of funding applications for:

- 1) German Church Road pathway extension (north side, between Greystone Court and County Line Road), and,
- 2) County Line Road pathway extension (east side, between Longwood Court and Kathryn Legge Memorial Park).

It should be noted that Phase I Design Engineering has also been approved for the County Line Road west side projects 1) between Cabernet Court and Woodgate Court, and 2) between Woodgate Court and 60th Street. In order to avoid competing with our own higher priority projects listed above, I do not intend to submit grant applications for these projects at this time. A call for STP grant funding will occur this fall, at which time additional grant submittals can be made, pending direction from the Board.

#### **2010 Mosquito Abatement Annual Report, Clarke Mosquito**

The Village has received the Clarke Mosquito 2010 Annual Report and the DPW is keeping several copies of the document on file for public consumption; interested parties may acquire a copy of the document at the DPW office.

I met with the Clarke representative this week and advised him of the additional incorporated areas and new drainage structure locations in town. Clarke will be including these areas in the 2011 treatment cycle and will be holding the 2010 treatment price.

#### **IML Statehouse Briefing**

The Illinois Municipal League's *Statehouse Briefing Reports* for February 16 and February 17, 2011, are available for review at the Village Hall.

#### **DMMC 2011 Legislative Action Program**
